Dear Mr. Armașu,
Dear staff of the National Bank of Moldova,

Re: Thirtieth Anniversary of the National Bank of Moldova

Congratulations to the National Bank of Moldova on its 30th anniversary!

The financial sector in Moldova and with it, the NBM, have faced tremendous challenges in recent years. The hard work and professionalism of the NBM have been instrumental in addressing these challenges in order to safeguard financial stability and integrity while maintaining independence.

The NBM has a unique mandate and capacity to help make Moldova a better and more stable place for its citizens, and this can only be achieved by you, NBM's most valuable asset. The World Bank is proud to be your partner on this path.

Sincerely,
