The Governor of the National Bank of Moldova, Anca Dragu, held a bilateral discussion with Alfred Kammer, Director of the European Department of the IMF, during the high-level international conference in Dubrovnik.

The dialogue focused on recent economic developments in the Republic of Moldova, progress under IMF-supported programs, as well as reform priorities in the context of advancing the European integration process.

"Through the reforms we are promoting, we are pursuing macroeconomic stability, institutional modernisation, digitisation of financial services, and real alignment with European standards. In this process, the National Bank plays a key role: we are creating the infrastructure for a transparent, resilient economy geared toward supporting the European aspirations of Moldovan citizens," said the NBM Governor.
