NBM Governor met with the Director of the Center of Excellence in Finance based in Slovenia

The Governor of the National Bank of Moldova (NBM), Octavian Armașu, had a meeting with the Director of the Center of Excellence in Finances (CEF), based in Ljubljana, Slovenia, Jana Repanšek.

The head of the central bank highly appreciated CEF's contribution to the continuous professional training of NBM employees. At the same time, this cooperation contributes to the transfer of knowledge from NBM representatives to colleagues from other institutions.

The discussions also focused on intensifying the cooperation between both parties in the implementation of joint organizational development projects, including the strengthening of institutional capacity.

The Republic of Moldova joined the CEF in 2015, following the adoption of the Law on the ratification of the Agreement on the establishment of the Center of Excellence in Finance. Within the Management Council of the CEF, the Republic of Moldova is represented by the Governor of the National Bank of Moldova and the Minister of Finance, each holding one vote in the decision-making process.
