Chapter I. General provisions

1. The Regulation on the Setting of the Official Exchange Rate of Moldovan Leu against Foreign Currencies (hereinafter - Regulation) shall use notions defined in the Law on Foreign Exchange Regulation No.62-XVI of March 21, 2008. Also, for the purpose of this Regulation the following notions shall be used:

a) purchase /sale transaction – any transaction between a bank from the Republic of Moldova (the National Bank of Moldova, licensed bank) and a legal entity (including another bank) or an individual, in which one of the parties purchases or sells against Moldovan Lei a certain amount in foreign currency, both amounts being delivered on the negotiated value date and at a determined exchange rate;

b) purchase /sale transaction in the intrabank foreign exchange market – purchase /sale transaction between a bank from the Republic of Moldova (the National Bank of Moldova, licensed bank) and a legal entity (except for another bank) or an individual;

c) purchase /sale transaction in the interbank foreign exchange market – purchase /sale transaction between a bank from the Republic of Moldova (the National Bank of Moldova, licensed bank) and another bank (resident or non-resident);

d) quotation of Moldovan Leu – setting the exchange rate of national currency against foreign currencies.

The notions of „*spot transaction*”, „*forward transaction*” and „*swap transaction*” have the same meanings as defined by the Regulation on the performance of transactions on the interbank foreign exchange market of the Republic of Moldova, approved by the Decision of the National Bank of Moldova no.8 of January 24, 2013, Official Monitor of the Republic of Moldova, 2013, no.36-40, Art.234.

(Item 1 amended by the NBM Decision no.221 of November 14, 2013)

(Item 1 amended by the NBM Decision no.238 of November 25, 2010)

2. This Regulation establishes:

a) the list of foreign currencies against which the Moldovan Leu is quoted by the National Bank of Moldova;

b) the method of determining the official exchange rate of Moldovan Leu against foreign currencies;

c) the provisions related to the dissemination, through various means of information, by the National Bank of Moldova of the official exchange rate of Moldovan Leu against foreign currencies to licensed banks and to public;

d) the procedure of reporting by licensed banks of purchase /sale transactions to the National Bank of Moldova.

Chapter II. The list of foreign currencies against which the Moldovan Leu is quoted by the National Bank of Moldova

3. The National Bank of Moldova shall quote the Moldovan Leu against foreign currencies specified in Attachment No.1 to this Regulation.

4. The name of foreign currencies, its numeric and alphabetic codes are indicated in Attachment No.1 to this Regulation according to the international standard ISO 4217 “Codes for the representation of currencies and funds”, approved by the decision of the Institute for Standardization of Moldova no. 136 from June 14, 2018.

(Item 4 amended by the NBM Decision no.211 of August 08, 2019)

5. The list of foreign currencies against which the National Bank of Moldova shall quote Moldovan Leu may be revised upon necessity.

Chapter III. The method of determining the official exchange rate of Moldovan Leu against foreign currencies

6. The official exchange rate of Moldovan Leu against euro shall be set by the National Bank of Moldova on the bases of information on volumes of spot purchase/sale transactions of euro

against Moldovan Lei and the exchange rates applied by the licensed banks and by the National Bank of Moldova for these transactions, reflected in the Report on the Amounts of Foreign Currency Purchased and Sold by the Bank against Moldovan Lei (hereinafter – report).

(Item 6 amended by the NBM Decision no.310 of December 5, 2024)

(Item 6 amended by the NBM Decision no.221 of November 14, 2013)

7. While setting of the official exchange rate of Moldovan Leu against euro, it shall be used the method of arithmetic mean of the average values of prevailing bid and ask rates weighted to the volume of spot purchase /sale transactions performed in the interbank and intrabank foreign exchange market of the Republic of Moldova between 12:30 of the previous working day and 12:30 of the reporting day. When Saturdays are declared working days by the Government Decision, the purchase/sale transactions of that day shall be included in the report of the next working day.

(Item 7 amended by the NBM Decision no.310 of December 5, 2024)

(Item 7 supplemented by the NBM Decision no.346 of December 15, 2016)

(The NBM Decision no.3 of January 15, 2009, Official Monitor of the Republic of Moldova, 2009, no.27-29, Art.100, with further amendments and

completions).

(Form amended by the NBM Decision no.346 of December 15, 2016)

**The procedure of compiling
the Report on the Amounts of Foreign Currency
Purchased and Sold by the Bank against Moldovan Lei**

1. The Report on the Amounts in Foreign Currency Purchased and Sold by the Bank against Moldovan Lei (hereinafter – report) shall reflect the information on non-cash purchase/sale transactions of foreign currencies against Moldovan Lei performed by the bank during the reporting period (spot, forward, swap transactions etc.).

2. The information included in the report shall only reflect the purchase/sale transactions of foreign currencies against which the National Bank of Moldova quotes the Moldovan Leu.

3. The report shall include the information on purchase/sale transactions concluded starting with 12:30 of the previous working day until 12:30 of the reporting day (regardless of the time of its bookkeeping reflection). When Saturdays are declared working days by the Government Decision, the licensed banks will not report separately, and the purchase/sale transactions of that day shall be included in the report of the next working day.

4. The report compiled by the licensed bank shall include the information on purchase/sale transactions performed by all subdivisions of the licensed bank, except for the bank's branches opened abroad.

5. The report shall not include:

- a) the information on transactions performed by the licensed bank in an amount not exceeding euro 10000 inclusive or the equivalent of this amount in another foreign currency;
- b) the information on purchase/sale transactions within the operations performed with the use of cards, including within the settlement operations of the bank with international cards payment systems.

6. Each transaction shall be reflected in the report in a separate line, except swap transactions, which shall be reflected in two separate lines for each part of the transaction.

7. While calculating the equivalent in another foreign currency of the sums in euro indicated under item 5 of this procedure, the official exchange rate of Moldovan Leu against foreign currency, valid on the day of performing the purchase/sale transaction shall be applied.

8. Column **1** shall include the number of the entry in the report.

9. Column **2** shall include the alphabetic code of the purchased or sold foreign currency.

10. Column **3** shall include the symbol of the category of the transaction performed by the bank:

- a) letter C – for foreign currency purchase transaction;
- b) letter V – for foreign currency sale transaction.

11. Column **4** shall include the amount of foreign currency purchased or sold by the bank. The amount shall be indicated in the original foreign currency, with two decimal digits.

12. Column 5 shall include the quantity of units of foreign currency for which the transaction's exchange rate was set (for instance: 1, 100).

13. Column 6 shall include the exchange rate at which the purchase/sale transaction was performed. The exchange rate shall be indicated with four decimal digits.

14. Column 7 shall include the date (in the format "dd.mm.yyyy") on which the purchase/sale transaction was concluded. The transaction shall be considered concluded at the moment when the participants in the transaction agreed upon the foreign currency purchase/sale.

15. Column 8 shall include the date (in the format "dd.mm.yyyy") on which the settlements will be performed. It shall include the respective date provided for in the document in which the parties established the conditions of performing the purchase/sale transaction (for instance, the contract of foreign currency purchase etc.).

16. Column 9 shall include the type's symbol of the market in which the purchase/sale transaction was performed:

- a) figure 1 – for the transaction performed in the interbank market;
- b) figure 2 – for the transaction performed in the intrabank market.

17. Column 10 shall include the symbol of the category of the persons with whom the purchase/sale transaction was concluded:

- a) letter R – for the transaction concluded with a resident;
- b) letter N – for the transaction concluded with a non-resident.

17¹. Column 11 shall include the counterparty to the purchase /sale transaction as follows:

- a) for legal entity - its full name shall be indicated;
- b) for individual - the word "individual" shall be indicated.

17². Column 12 shall include the fiscal code (IDNO) of the counterparty to the purchase/sale transaction. Column 12 shall not be filled in if the counterparty to the purchase/sale transaction is a non-resident legal entity that does not have a fiscal code according to the legislation of the Republic of Moldova, or is an individual.

17³. Column 13 shall indicate the type of purchase/sale transaction as follows:

- a) spot – for spot transactions;
- b) forward - for forward transactions;
- c) swap 1 – for the first part of swap transaction;
